March 2021

Dear Customer

Tubeclip Price list 2021

There is an updated price list which will take effect on 1st April 2021.

We hoped that we would not have to make further changes after the price increase to the A range fittings made in January 2021, however we have found that Brexit, worldwide freight costs and steel cost increases have meant that we have to pass on these increases to continue in business.

The major change is an increase to the retail prices, however there are a few changes to the discounts on exhaust clamps and U Bolts.

We also have refreshed our website, with a view to making it easier to use and more up to date.

We would like to thank you for bearing with us and our suppliers over the past year, when there have been supply issues resulting from Covid 19 and the impact of Brexit. We are hopeful that this disruption is behind us now.

Thank you for your continued business

Regards

Carol Farrington and Guy Hickman
