June 2021

Dear Customer

Tubeclip Price list 2021 amended

Please find enclosed an updated price list which will commence on 19<sup>th</sup> July 2021. We regret that we have had to further amend our prices. We have had large increases from some of our suppliers due to changes in government subsidies and others due to freight costs and steel costs. Where possible we have absorbed some of the costs, as we appreciate price rises are leading to further inflation of prices along the chain.

We also have refreshed our website, with a view to making it easier to use and more upto date.

We'd like to thank you for bearing with us and our suppliers over the past year. We apologise for continued shortfall in some product availability. We have had an unanticipated increase in demand for some of our horticultural products. We hope we have addressed that but with long lead times it is not always possible.

Thank you for your continued business

Regards

Carol Farrington and Guy Hickman
